

## Trinifinity 8: Raise Your Level of Vibration

by Robert Alcorn, MD

Since November, 2015, I have been working with a new healing device: Trinifinity8, a tool for raising your level of vibration. It is commonly believed amongst healers that when a person's vibrational state rises above a certain level, disease is no longer possible. This device is the invention of Kathy Forti, a psychotherapist who was blessed with new Guides after a near death experience. It is the first system of its kind to use a personal computer to deliver non-invasive rejuvenation programs based on mathematical codes, vibrational energies, and fractal formulations that are in harmony with core energetics that encompass all of nature. This breakthrough technology is effective in person and at a distance. Trinifinity8 is not an approved medical device. It is offered for spiritual enhancement which creates effective responses in many areas:

It can help with:

- Stress Reduction
- Energy Restoration
- Health and Nutrition
- Skin & Hair Rejuvenation
- Face & Beauty
- Weight Management
- Body Sculpting

Here is a case report of a woman who received two remote sessions:

*Single woman in her 60s, psychotherapist with the following goals.*

1. *Anti-aging protocol, better health*
2. *Weight loss (goal 35 pounds)*
3. *Improved intuition, especially in work with clients*
4. *Clarity in her relationship with her significant other.*

*During the first session, she felt pulsations like waves in the body, felt very relaxed and expanded, lighter. She could see light entering and leaving her body. She went to sleep at the end of the session, without the usual sleep aids and had a healing dream about her daughter.*

*The next day, she felt more of a flow in her work, better connection to intuition and a deeper feeling of being present to the client and to the moment. She again went to sleep the next night without medication.*

*On the second day, her massage therapist commented on the improvement in her energies: there seemed to be a soft energy surrounding me, “almost like a gentle static energy and light.”*

*She lost 2.2 pounds in four days. The man she was dating helped to clarify their relationship, that it was not leading to marriage and she was able to accept this with ease and grace.*

*After the second session, which was a similar experience, she felt more relaxed connected, energized and happy. She has lost a total of 6 pounds in about two weeks.*

Your first session with Trinfinity8 is free. Subsequent individualized sessions cost \$2 per minute, usually 30-45 minutes for remote work, \$150 per hour for in person consultations. It is usually recommended that a person receive six sessions in order to achieve lasting results.
